Mae eira trwm ar y penwythnos o'r 9fed & 10 Rhagfyr wedi achosi difrod i'r goeden sylweddol.

Digwyddodd hyn eang mewn coedwig Crychan ac mewn mannau eraill.

Adnoddau yn gyfyngedig i ddelio â hyn, wedi ein blaenoriaethau clir mynediad i eiddo a ffyrdd coedwig yna prif. Erys llawer o draciau i glirio, ac yr ydym yn gallu dweud pryd y caiff ei gwblhau.

Rydym yn ymddiheuro am y tarfu hwn.

Heavy snow that fell on the weekend of 9th & 10th December has caused significant tree damage.

This has happened widely in Crychan forest and elsewhere.

Resources are limited to deal with this, our priorities have been to clear access to properties, and then main forest roads. There remain a lot of tracks to clear, and we are unable to say when this will be completed.

We apologise for this disruption.
